Summary

Aspiring Software Engineer and Web Development Intern with practical experience in developing responsive web interfaces, working on CRM applications, implementing UI improvements, and testing on web applications. Familiar with HTML, CSS, JavaScript and React.js. Experienced in analysing UI issues, identifying bugs, improving responsive layouts, and collaborating with development teams. Eager to strength technical skills and contribute to real-world software development projects.

Education

Bachelor of Engineering (ECE) 2021 – 2025

PPG Institute of Technology **CGPA: 8.2 / 10**

Technical Skills

Languages & Database; JavaScript, Node.js, Express.js, React.js, MongoDB

Other Skills; HTML, CSS, Bootstrap, RESTful APIs

AI Tools; Antigravity, Claude, VS Code

Projects

Hotel Booking Application

REPO | **DEMO**

Tech Stack: MongoDB, Express.js, React.js

- Built a full-stack hotel booking app where users can search hotels, view rooms, and book a stay.
- Created REST APIs in Node.js and Express.js for hotels, bookings, and users, with data stored in MongoDB.
- Built React pages for hotel listing, booking form, and booking confirmation.

Smart Job Application System

REPO | **DEMO**

Tech Stack: Node.js, MongoDB. Spring Boot, MySQL

- Built a job portal where recruiters post jobs and candidates apply and track their application status.
- Created REST APIs for jobs, applications, and user profiles using [Node.js + MongoDB / Spring Boot + MySQL].
- Added a keyword-based resume matching feature that compares a resume with the job description.
- Built separate dashboards for recruiter and candidate in React.js.

Spotify Clone

REPO | **DEMO**

Tech Stack: React.js, JavaScript, Tailwind CSS

- Built a responsive music player UI with React.js and Tailwind CSS.
- Added song browsing, playlist view, search, and play/pause/next controls

Courses

- **MERN Stack Development & Web Design Certification** – IDM Tech Park (DEC 2025 – MAY 2026)
- **Junior Software Developer – TN Skill Development**, Vinsys IT Services (DEC 2025 – MAR 2026)

Work Experience & Intern

Web Development Intern, ASKEVA Communications, Madurai | Aug 2026 – Present

- Worked on 3 client projects, building and updating web pages using [React.js / HTML, CSS, JavaScript].
- Made the interface changes requested by clients on existing application pages.
- Tested application workflows, found UI bugs, and reported them to the team.
- Worked with coordinators and developers to finish tasks on time.

Web Development Intern, Precision Informatics Pvt Ltd, Chennai | Nov 2024 – Feb 2025

- Built responsive web pages using HTML5, CSS3, and JavaScript that work on mobile and desktop.
- Checked pages in different browsers and fixed layout issues.
- Converted UI/UX design mockups into working front-end pages with the development team.

Junior Design Engineer, WABCO-ZF CVCS, Chennai | Apr 2025 – Sep 2025

- Prepared and updated technical documents for [product/project name].
- Coordinated with the engineering team on [quality checks / drawings / reports].

Achievements

- Received the **Best Performance Award** at WABCO-ZF in recognition of my work performance and contributions.
- Developed a real-world CRM application for my uncle's jewellery pawn business, based on actual business requirements. Gained practical experience in understanding business needs and building software solutions to support day-to-day operations.

Declaration

I hereby declare that all the information furnished above is true and best to my knowledge.
